# ABOUT US

Barbershops have long been cornerstones of connection, where men gathered to share stories, talk shop, and pass down traditions. Saturdays weren't just busy; they were sacred—filled with the smell of aftershave, the sound of clippers, and conversations over racing odds, neighbourhood gossip and headlines featured in the daily newspaper. CABIN brings that same energy into the present, offering an experience that goes beyond a haircut—it's about belonging.

At CABIN, barbering is more than an art—it's a tradition that runs deep. Inspired by the legacy of classic barbershops, CABIN is a space where grooming, style, and community come together. It's a modern take on the men's gathering place, designed for camaraderie and comfort—where conversations flow as easily as the espresso, and where timeless rituals are honored in a refined, relevant way.

That philosophy also led us to create COMMON GOODS, CABIN'S premium men's grooming and lifestyle essentials brand. Just like the barbershops that inspired it, COMMON GOODS is built on the values of craftsmanship, quality, and community. We believe grooming isn't just about maintenance; it's a ritual—an act of care and self-respect. Each product, from expertly formulated beard balm to invigorating room spray and everyday beard oil, is designed to capture the authenticity and attention to detail that define the CABIN experience.

More than just a product line, COMMON GOODS fosters connection—through the daily rituals of grooming, the confidence that comes with looking your best, and the conversations sparked in the barbershop. It's for those who appreciate tradition but want quality provisions that fit seamlessly into their modern lives.

Together, CABIN and COMMON GOODS are about more than grooming—they're about preserving heritage while embracing the present. Its craftsmanship elevated, community strengthened, and tradition reimaged.
